To Whom it may concern:

For Rent Media Solutions is a Nation Leading Multi Media company helping Apartment Communities and their Owners and Management deliver a custom message for potential prospects.

We have had the privilege to be a part of the business model for MLP Property & Asset Management in St. Louis. MLP has a directed and precise plan in place to elevate themselves to a platform above most other companies in their area of expertise. They have provided us at For Rent with the tools we need to assist them in achieving all of their corporate goals.

They have called on us to assist them at several of their assets including Aventura at Richmond, Kings Landing, Hanley Station, and the upcoming Aventura at Forest Park and in every single case they have gone above and beyond in their professionalism and their partnership in order to make to business prosper for both Companies.

I would like to officially recommend MLP Property & Asset Management for any vender and or ownership group to continue to do business with r perpetuate a new business relationship with.

Sincerely,

Mason Lipp
